## About-Us

### About Us

NPL Corporation Private Limited is a trusted name in the field of industrial minerals, agricultural products, and eco-friendly Biodegradable committed to excellence and sustainability. We specialize in the production and export of Quick Lime, Hydraulic Lime, and Hydrated Lime Powder, serving diverse industries with superior quality materials. Alongside, we also offer premium-grade Cumin Seeds sourced directly from reliable farms, ensuring rich aroma and purity. Embracing environmental responsibility, our range of Biodegradable Disposable Plates promotes a greener future by reducing plastic waste. With a focus on quality assurance, innovation, and customer satisfaction, NPL Corporation continues to build long-term global partnerships while contributing to sustainable industrial and agricultural growth.
