Do you host WordPress sites outside of Plesk? Try [WP Guardian](#) - it provides complete visibility into the health of your WordPress websites in one place and keeps them protected with flexible updates management.

What is Plesk

Plesk is a hosting [control panel](#) with simple and secure web server, website and web apps management tools. It is specially designed to help web professionals manage web, DNS, mail and other services through a comprehensive and user-friendly GUI. Plesk is about intelligently managing servers, apps, websites and hosting businesses, on both traditional and cloud hosting.
