*Old thesis – factoring thesis work in progress*

- In just **22 days**, one of our campaigns generated **18 qualified leads**.
- That's from only **1 out of 8 campaigns** we're currently running (...so more than 20).
- This single campaign still has **8,000 untouched contacts** left to go after.
- On average, **each lead is worth around CHF 34,000**.

The point: Even a small amount of outreach can already unlock serious opportunities and the majority of the potential is still untapped.

See how we generated a \$796,939 Pipeline in 22 days for this IoT company.

Complete breakdown of how to generate six-figure pipeline in weeks, no referrals, built for high-trust markets.
